Human Values and Professional Ethics

Great Ganges Institute of Technology in association with Kanpur Institute of Management Studies has organized a one day workshop on Human Values and Professional ethics, **on 19th July 2018**. Our institute is chosen as a distinguish invitee because of our reputation for providing quality education. The objective of this program is inculcating human values has been voiced by every framer of education policy. Universal human values is based on the natural laws, on reality, as it is – in a way that anyone can understand on their own right, through self-exploration. Living accordingly enables one to live an informed, purposeful, happy and responsible life – as an individual, as a member of family, as a member of society and as an unit in nature/existence. In education, this input provides a universal basis for human values that supplements and provides direction to the current educational system. With a strong teaching methodology of self-exploration, the foundation course provides the essential guidelines for a human society and helps develop commitment for it.

Gender Sensitization

1. Women's Legal Empowerment 2021

Gender inequality and the climate crisis are two of the most urgent challenges of today. As we better understand and make the critical connections between gender, social equity and climate change, it's time we take action towards solutions. From increasing women's representation in leadership and decision-making to redistributing care-work and productive resources, progress towards a gender equal and sustainable future starts with taking action today.

Great Ganges Institute of Technology, Unnao was organized a one day seminar on Women's Legal Empowerment on 23th Oct 2021. The key speaker in this seminar is Mr. Ratan Kumar Srivastava, Retired I.P.S. and Founding President of V foundation.
